

Performance of the Institution in one area distinctive to its priority and thrust

LNCT Indore Infrastructure

LNCT Indore distinguishes itself from peer institutions by offering an affordable, highly personalized, student centred education to diverse students. Lakshmi Narain College of Technology, Indore (LNCT) is one of the leading private Technical and Professional institutes in Indore having a campus in the lush green outskirts of Indore. It was founded in 2004 by "H.K. Education Trust, Bhopal" and all the courses of the institute are approved by AICTE Delhi, Govt. of India. Department of Technical Education, Govt. of M.P. and are affiliated to Rajiv Gandhi Proudyogiki Vishwavidyalaya, Technical University of Madhya Pradesh and Devi Ahiliya Vishwavidyalaya, Indore. The institute is committed to excel in areas of engineering, technology and management by enhancing its facilities, highly qualified and committed faculty drawn from reputed academic institutions of the country and reputed & senior professionals from industries as well.

LNCT Indore was established with the well-defined vision to bring about holistic development of students and to create technically skilled manpower in various fields as well as to produce best technical manpower to meet the technical & managerial challenges of modern industry, who would serve the country and the community. In its span of 15+ years the institute has developed into a leading engineering and professional college in the region with state of the art infrastructure, faculty members and facilities. Performing well in University Exams, students are well placed in MNC's and also in reputed national /International industries and universities. More than any other institution in India, the Institute exists to serve the future. LNCT Indore does this by educating individuals for fulfilling, productive lives and by creating solutions to pressing or anticipated problems through research. Taught by inspired, committed, and creative faculty, our programs combine the enduring value of a liberal arts education with the skills and experience offered by engineering and management schools, to ensure that our students are engaged, adaptable, and equipped for successful careers and fulfilling lives.

LNCT Indore has well equipped laboratories as per the AICTE requirements. Each lab is handled by one faculty supported by a co-faculty. Also, every lab has a lab instructor/ technical assistant, who provides constant support and ensures maintenance of the laboratories. Lab for CS/IT is well equipped with a required number of computers. All computers are always maintained in working condition. All equipment is always checked for wear and tear and replaced with new or repaired one every semester. Labs are equipped with sufficient hardware and licensed software to run program specific curriculum and off program curriculum. Enough number of personal computers are available for the smooth conduction of the lab. All the software labs are air conditioned. Safety instructions, safety tools including first aid boxes are provided in all the labs. The number and area of the classrooms and labs are as per the AICTE norms. The IT-help desk in college is available all the time to help with the maintenance and installation process in the lab.

Central Library

The LNCT Central Library is committed to a new digital project to meet the academic interests and research needs of students and teachers. The library covers an area of more than 1,100 square meters, a collection of 27,926 books and more than 4000 magazines and hundreds of journals. There are 4 newspapers and more than 30 types of CD / DVD and other electronic media, with capacity for more than 100 people. There are numerous Reports, annual reports, newsletters etc. The library has a rich collection of management, business, technology, pharmacy, science, and other disciplines. More than 800 users are taking advantage of the benefits of this library. In addition to these services, the library is professionally managed and provides electronic information services. Libraries play an active role in ensuring the accessibility and organization of information resources to meet the current and future needs of their users. The library mainly stores documents related to administration, engineering, computer science, information technology, human resource management, marketing, fine arts and related disciplines, and aims to develop a comprehensive collection of information resources useful for academics and research.

The library is fully automated through Integrated Library Management System (ILMS) named AccSoft Software, version-2.0 (updated 2020) and the year of automation was 2007. The software is web enabled for internet environments. The Library Management System consists of modules such as master, operation and report management. The software displays photographs and other details of students and faculty while issuing books.

Hostel Facility

LNCT Indore has separate hostels for boys and girls with a range of rooms and a variety of services that make living on campus safe, comfortable and affordable. Residents enjoy the support of committed and caring wardens who are available 24X7. Supporting infrastructure includes a dedicated cafeteria, laundry services, 24-hour power supply, STD & ISD facilities, transport, housekeeping and medical care.

Security & Safety

College also has a large team of professionally-trained security personnel patrolling and guarding the campus 24X7 to ensure safety of students, staff and infrastructure. The complete campus is under CCTV surveillance. The institution has a centralized library. The library continues to provide the current awareness services in order to alert users to the latest information of their interest. The digital library in the institution helps the students to understand the subject more effectively. Our mission is to be the best by producing technical manpower who are new path breakers, develop new products and innovative ideas to cater the special needs of industries.
